Commonwealth Situation Report #21  
Wednesday, 26 June 2002 (Final)**

**1. OPERATIONAL PERIOD:**

*1200 hours 19 June 2002 through 1200 hours 26 Jun 2002. (New information in italics)*

**2. SITUATION:**

On the evening of 28 April a severe weather system entered Virginia from the west and, once across the Blue Ridge Mountains, developed into a series of tornadoes. Local emergencies were declared in Bedford City, and Bedford, Campbell, Greensville, and Shenandoah Counties. On 2 May 2002, continuing severe weather impacted Virginia. Wind, rain and flood damage was again widespread with the most severe damage occurring in the southwest part of the state. In Buchanan County, heaviest damage was northeast of Grundy in the vicinity of Hurley, and was due to flash flooding and mudslides. Damaging floodwaters and strong winds also impacted nearby Tazewell County.

On 2 May 2002, Governor Warner declared a State of Emergency in the Commonwealth in response to the tornado damage on 28 April 2002. On 3 May 2002 the declaration was expanded to include the areas affected by the storms of 2 May.

On 5 May 2002, President Bush declared a major disaster for the Commonwealth of Virginia in FEMA 1411-DR-VA in Buchanan and Tazewell Counties for Individual Assistance (IA) and Hazard Mitigation.

On 8 May 2002, the Major Disaster Declaration was amended to include Public Assistance for the counties of Buchanan and Tazewell.

On 15 May 2002 Amendment No. 2 was made to the Major Disaster Declaration to include Individual Assistance for the counties of Bedford, Campbell, Cumberland, Greensville, Prince Edward, Shenandoah, and the independent City of Bedford.

Effective 17 June 2002, Amendment No. 3 added the counties of Halifax, Pittsylvania, Prince George, Scott and Wise and the independent City of Emporia to the jurisdictions eligible for Individual Assistance under this declaration. Residents may register for IA programs through 5 July 2002.

Functions at the Wise DFO established in a prior declared disaster, DR-1406-VA, have been expanded to include operations for DR-1411-VA. The DFO hours of operation are 0800 hrs to 1630 hrs Monday through Friday. The DFO will be closed on Saturdays and Sundays. Situation Reports will be published on Tuesdays for FEMA-1406-DR-VA, and Wednesdays for FEMA-1411-DR-VA. *The DFO will close on 28 June 2002. This is the final report on FEMA-1411-DR-VA.*

**3. WEATHER:**

*Partly sunny with highs in the lower and mid 80s. Lows from the upper 50s to the lower 60s. Southeast winds 5 to 10 mph. 60% chance of rain.*
